PROFESSIONAL SUMMARY

Mobile Application Developer with 2+ years of experience (including internships) in **native Android (Java, Kotlin)** and **native iOS (Swift, SwiftUI, UIKit)** development. Strongest in **Java**, with hands-on **Android SDK, MVVM, Retrofit, Room, Firebase, REST API integration, payment gateway integration and third-party SDK integration**. Worked on 12+ production apps on Google Play Store and Apple App Store across the full SDLC, including an ed-tech app with **100,000+ registered users** and a **99%+ crash-free session rate**.

TECHNICAL SKILLS

Mobile Development: Native Android Development, Native iOS Development, Mobile Application Development, SDLC, Play Store and App Store Deployment

Android: Java (primary), Kotlin (working knowledge), Android SDK, Android Studio, XML, Activities, Fragments, RecyclerView

iOS: Swift, SwiftUI, UIKit, Storyboard, Xcode

Architecture: MVVM, Clean Architecture, Dependency Injection, OOP, REST API Integration, API Integration, JSON

Libraries / SDKs: Retrofit, OkHttp, Room Database, Firebase, Glide, Coroutines, Agora SDK, Google Maps SDK, Third-Party SDK Integration

Payments: Payment Gateway Integration, Razorpay, Stripe, In-App Payments

Tools: Git, GitHub, Postman, JIRA, IntelliJ IDEA, VS Code

Practices: Agile, Scrum, Sprint Planning, Code Review, Debugging, Performance Optimization, Offline Caching, Bug Fixing

Fundamentals: Data Structures and Algorithms, Core Java, Spring Boot (basics), AWS EC2 / S3 / Lambda (basics)

PROFESSIONAL EXPERIENCE

Software Developer (Android and iOS) | Hawkscode Pvt. Ltd. Jan 2025 - Present

- Developed and maintained 12+ production apps on Android (Java, Kotlin) and iOS (SwiftUI, UIKit), published on Google Play Store and Apple App Store.
- Integrated Razorpay and Stripe payment gateways for secure in-app payments and third-party SDKs such as Agora for real-time voice communication.
- Worked with backend and cross-functional teams to integrate REST APIs, optimize app performance and fix production issues.

Android Developer Intern | Ahead Websoft Technology Feb 2024 - May 2024

- Built Android features in Java on 2 live production projects, from design to Play Store deployment.
- Took part in code reviews and sprint planning, helping reduce the bug backlog by 20%.

Associate Software Developer Intern | Brudite Pvt. Ltd. Aug 2023 - Jan 2024

- Learned Core Java, Advanced Java and Spring Boot through hands-on practice projects; gained exposure to AWS (EC2, S3, Lambda).

KEY PROJECTS

EasyShiksha: E-Learning and Internship Platform Feb 2025 - Present

Android (Java, XML), iOS (SwiftUI), REST API, Retrofit, Room, Razorpay | Play Store | App Store

- Built Android and iOS apps for an ed-tech platform with **100,000+ registered users** and 1,000+ internship and certification programs.
- Added offline caching with **Room DB** and optimized API calls with **Retrofit**, **reducing load time by 40%**.
- Integrated Razorpay payments, certification modules and internship tracking; maintained a **99%+ crash-free session rate**.

Funzo: Social and Gaming Hub Nov 2025 - Jan 2026

Android (Java, Kotlin), MVVM, Agora SDK, Firebase | Play Store

- Built clan, SVIP, rewards and mini-game features for a real-time social gaming app using **MVVM** architecture.
- Integrated **Agora SDK** for live voice rooms supporting up to **21 concurrent participants**.

Thrive Black Car: Luxury Transport Aug 2025 - Present

Android (Kotlin, XML), iOS (SwiftUI), Google Maps SDK | Play Store | App Store

- Built a dual-role (customer and driver) chauffeur booking app for the Atlanta market on Android and iOS.
- Integrated **Google Maps SDK** for route optimization, bringing the booking flow to **under 3 taps**.

Career Helper: Test and Consult Mar 2025 - Present

Android (Java, XML), iOS (SwiftUI) | Play Store | App Store

- Built an assessment app with IQ, psychometric and career-aptitude tests and a recommendation engine; achieved an **80%+ test completion rate**.

EDUCATION

B.Tech, Computer Science | Poornima Institute of Engineering and Technology Sep 2020 - May 2024

CGPA: 8.4 / 10 | Coursework: Data Structures and Algorithms, OOP, Operating Systems, DBMS, Software Engineering

ACHIEVEMENTS AND CERTIFICATION

- Contributed to 12+ production apps (e-learning, education, social, gaming, utility) with ownership from requirement analysis to deployment and post-launch maintenance.
- Microsoft Azure Data Fundamentals (DP-900), Microsoft, June 2022.
